GRANT PROGRAM HIGHLIGHTS

SMART WORKIN' FOR AN IMPACTFUL PROGRAM

COLLABORATION

More than 140 filmmakers have applied for funding.

We hired notable bike culture consultant Courtney Williams of the Brown Bike Girl Consulting, to advise in the selection of our awardees.

Courtney brings invaluable perspective and wisdom in helping review grant applications.

MENTORSHIP

Professional BIPOC filmmaker Manny Marquez, a bike enthusiast and friend of the festival, offered his support to advise filmmakers every step of the way.

Filmmakers regularly run ideas by Manny and lean on his decades of experience for guidance.

DIVERSE PRODUCTION

Our grant recipients have worked with their communities to recruit inclusive and diverse film crews.

They are now finalizing their films to premiere at the 20th Annual Filmed by Bike Festival in Portland then travel the world in our year-round Tour Program.

LET'S KEEP IT GOING!
